

Meeting Minutes: Medical, IT and Panache Teams

1. Employee Self-Service (ESS)

- Employees should be able to request medical appointments.
- Remove all item on ESS(fit to fly,Alcohol drug testing...) and remain with medical appointment and medical incident ,the rest should be accessed by medical team trough ERP

2. Fit-to-Fly Process

- Remove the **Employee Number** field.
- Add an **Approval Status** field with the options:
 - Reason for disapproval (medical note as free typing)
 - Approved
 - Disapproved
- Configure automatic notifications to the flight pursers and Medic group user groups after submission or decision.

3. Open Clinic (formerly Health Shop visit)

- Rename **Health Shop** to **Open Clinic**.
- Maintain all visit history on WB Number
- Restrict medical access to **medical staff only**.
- Enable employees to submit:
 - Medical appointment requests.
 - Medical incident forms through the Employee Self-Service portal.

4. Occupational Incident

- Allow employees to upload supporting documents.

5. Appointment Booking

- Send email notifications to both the employee and the Medical Team.

6. Recruitment Integration

- Generate the Medical Consent Form in ERP after staff confirmation.
- Notify the Medical Team for verification.

- Notify the new staff member after verification.
- Integrate the Recruitment Portal with the ERP Medical Module.
- Add the Health Consent Form as a mandatory step during the final stage of the recruitment process.

7. Medical Case Form

- Remove the Send Approval Request option.
- Approval should be the final step.

8. Visit Scheduling

- Add a Visit Time field with selectable time slots.

9. Medicine Inventory

- Track medicines issued to employees automatically.

10. Medical Reporting

- Generate monthly medical reports.

11. Alcohol, Drugs and Substances

- Rename the module.
- Add Employee Number and Witness fields.
- Notify HR, Security, and the Medical Team.
- Remove unnecessary fields from the DAT form.
- Enable the system to maintain a complete history of all DAT records and updates on WB number

12. Communicable Diseases

- Add a section for case details.
- Notify HR automatically.
- Remove the approval workflow.
- Remove the **Occupational Incident** section as it is not applicable.

13. Extended Sick Leave

- Revise the workflow as follows:
 - Employee → Medical Team → Line Manager
 - Make attachment of medical report mandatory
- The Medical Team should assess the case and provide recommendations before forwarding it to the Line Manager for action.

14. Medical History

- Include Sick Leave records in Medical History.

15. Medical Kit Tracking

- Module design and functionality remain **ongoing**.
- Fulgence to Complete system templates
